### Hospital Visitation

Because of the Federal Health Insurance Portability and Accountability Act (HIPAA), certain rules now apply to hospital visitations. If you or a family member desire a visit from the church visitation team, New Hope must be listed as your church when you are admitted. Naples Community and North Collier Hospitals will call the church office to notify us of admissions, but Physicians' Regional will not. Regardless of which hospital one is admitted to, a family member needs to call the church office with the patient's name and room number and let us know if the patient would welcome a visit and prayer.
